Sub:-Establishment - Temporary - P.W.D. - West Coast Circle-
Upper Division Clerk for the arrear clearance work -
Beyond of 30-6-56 - applied for - regarding.

I enclose herewith a copy of Executive Engineer's letter No.822.SE., (South Kanara Division) dated 30-4-1956 for favour of information and necessary action.

The sanction for the employment of the Upper Division Clerk was accorded in G. O. Ms. No.4049, P.W., dated 21-10-1955 and the continuance for the post till 31-5-56 was accorded in G.O. Ms. No.1633, dated 2-4-56.

The sanction was first utilised on 18-11-1955 A.N., The latest progress report on arrear clearance work done, as received from the Executive Engineer is also enclosed herewith. From that it will be seen that out of 960 Nos. of total works abstracts and 7 F accounts to be checked and posted only 436 Nos. of work abstracts and 7 F accounts have been checked and posted within about 5 months, which is reported to be the maximum progress that could be achieved. The remaining work abstracts and 7F accounts to be checked and posted and items finally cleared are 524, which is more or less equal to the Nos. already cleared.

Under the circumstances, I request that the sanction of the Government may kindly be obtained for the continuance of the Upper Division Clerk for seven months with effect from 1-6-56. Unless the continuance is sanctioned, the accounts cannot be brought upto date and all the work so far done will become futile.

Copy of No.822.SE., dated 30-4-56 from the Executive Engineer, South Kanara Division, Mangalore to the Superintending Engineer, West Coast Circle, Coimbatore.

Sub:-Establishment - temporary - P.W.D. - West Coast Circle - Upper Division Clerk for the arrear clearance work - continuance beyond of 30-6-56 - applied for.

Ref:-G.O.Ms.No.4049, P.W., dated 21-10-55 communicated in Superintending Engineer's No.1267.SE., dated 24-11-55.

In G.O.Ms. No.4049, P.W., dated 21-10-55, the Government have sanctioned the employment of an Upper Division Clerk till 29-2-56 for attending the clearance of arrears in the postings of Major works Register. The sanction was utilised with effect from 18-11-55 A.N., The continuance of this Upper Division clerk applied for in my proposition statement for renewal of sanction ~~also~~ to temporary establishment for the year 1956-57 submitted in this Office No.2312.SE., dated 7-12-55. These proposals have been recommended to Government vide Chief Engineer, (General) No.57248. E.II-2-55-6 dated 29-2-56 and the sanction of the Government is awaited. The progress made so far is given in the quarterly progress report. A copy of the latest report is submitted herewith. The arrears are 3 to 4 years old and much time is involved in gathering records. Nevertheless the maximum progress that could be achieved is being made. As the arrears in the postings of work register are still heavy, the continuance of this Upper Division Clerk for six months with effect from 1-7-1956 is quite necessary. Hence I request that the sanction of the Government may please be obtained for the continuance of the Upper Division Clerk, for six months with effect from 1-7-1956.

In this Office No.1690-W., dated 10-12-1955 continuance of the post of an Upper Division Clerk to South Kanara Division for the arrear clearance work has applied for the full year 1956-57. The Chief Engineer also recommended the proposal in Chief Engineer's No.58451.AD-4/55-3, dated 4-2-56. But the Government in their No.G.O.1663,P.W.D., dated 2-4-56 have accorded sanction for the continuance only for 3 months from 1-3-56 i.e., till 31-5-56 afternoon and have also ordered that the post should be abolished on the expiry of the present sanction.

In this Office No.715.W., dated 21-5-56 it was brought to your notice that sanction for the above post might be obtained at least till 31-12-1956 for the reasons stated in para 3 of the above reference. As Government orders have not been received for the continuance of the post after 31-5-56, orders have however been issued to the Executive Engineer, South Kanara Division to revert the juniormost Upper division clerk as lower division clerk on 31-5-56 afternoon.

B

Now, the Executive Engineer, South Kanara Division has reported that there are six Sub Divisions and about 40 major works in progress in his division and that the sanctioned clerical strength for the accounts branch is only 5 i.e., 2 Upper division clerks and 3 lower division clerks. The Upper Division clerks are engaged by the Executive Engineer for budget and establishment work while the 3 lower division clerks are looking after the audit and accounts of 6 sub divisions. Normally one lower division clerk is sanctioned for the audit of each sub division and hence it is physically impossible for the staff to attend to the arrear clearance work in addition to the heavy routine of work.

Under the circumstances, I request that very early action to obtain the sanction of the Government for the employment of a upper division clerk for arrear clearance work for a period of 7 months from the date of employment may please be obtained at an early date so that the arrears may be cleared as speedily as possible and further accumulations avoided. It would be desirable if provision is given for the employment of a upper division clerk in anticipation of the sanction of the Government.

Very early orders are therefore, requested.
